TOWN MEETING—ELECTION MONDAY

Apparently no contest is in store for office seekers in next Monday's local election, with one candidate for each vacancy having filed nomination papers. Balloting will start at 10 a. m. and polls will close at 6 p. m.

Long term office holders, Town Clerk Mrs. Violet Bennett, and Fire Ward Roderick McMillin, are candidates to succeed themselves for one year terms in those offices.

For selectmen and assessor positions, there are two regular three-year terms, and a two-year short-term vacancy to be filled. Completing three year terms, and not seeking reelection are Norman Greig and Richard Davis. The short term vacancy resulted with the resignation of Michael Stowell who has been transferred from town by his employer.

Dr. James Hudson

Dr. Hudson, a veterinarian and a resident here three years has established his own practice here after being associated in practice at Fryeburg. He is a graduate of Cornell University and with his wife operates a small animal hospital and maintains his home about a mile south of the village. They have three children. His interest in town affairs has frequently been demonstrated by his attendance and participation in meetings of town committees and boards, as well as being a member of the Educational Advisory Committee of 193.

John Jay Willard

Mr. Willard, mill foreman of Haverhill Bowel Co., has been a resident of Bethel 15 years, having moved here from Fryeburg, where he had been a school committee member. He and his wife, a teacher at Locke Mills School, have seven adult children, three sons and four daughters, and two grandchildren. He is a graduate of Gould Academy and Shaw's Business College.

Mr. Brown has been associated with the Bethel Citizen since his graduation from Gould Academy in 1947. Following the death of his father, Carl L. Brown, in 1963.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Someone said that we don't have storms and winters like we used to. For my money we have had three pretty rugged storms this winter. The plowing has been very difficult and there is very little place to put the snow. Many citizens have been very generous with their praise for the highway crew. A smaller number have complained about the plows leaving too much snow in their driveway and hitting their mail box. The men driving the plows do not intentionally fill driveway entrances with snow or hit mail boxes.

Some gears broke in the rear end of the 4-wheel-drive International Friday night and the crew had to keep the roads open without the largest piece of equipment. Through extra work on the part of the highway crew and the spare help that worked the roads were kept open. A total of eight snow men were used along with the regulars in the highway crew over the week end.

Town meeting is this coming Monday and I would like to see a large turnout of voters. The attendance at the last two town meetings has been very good and I hope it is this year.

We are back in business again at the West Bethel Water Works. Another well driller has been hired and he is supposed to move his equipment here this week and he will start drilling by Friday of this week. He is going to attempt to develop a screen well. He will drill until he reaches water. Then he will place a cylindrical screen below the water level. The screen is designed to allow water to enter but not the material around it. This type of water supply is not very common in the area but it is widely used in other sections of the country. The new driller is confident that he can get enough water to supply the system.

PURCHASE OF NEW BUS INCREASES GILEAD'S DEBT BY \$5,500

The indebtedness of the town of Gilead was increased \$5,500 by the purchase of the school bus from Carter Equipment Co. The other indebtedness of the town includes a long term note for \$1,800 and a Fire Protection Note of \$2,000. There has been some apprehension that the entire debt was necessitated by the purchase of the school bus.

At the March meeting of the Greater Bethel Chamber of Commerce the members agreed to sponsor a delegate to Boys' State in cooperation with the Mundt-Allen Post, American Legion.

The Tuesday night meeting, held at Sunday River Inn, with Vice President James Flske, presiding in the absence of the president, Richard Bryant.

A committee is to be appointed in conjunction with the Bethel Area Development Corporation to study the impact of the possibility of the University of Maine acquiring the use of the Gould facilities in the future. In this regard, Wilbur Myers, announced that a four-man committee from the University would be at the Academy on March 9.

Michael Houlihan, Bethel town manager, reviewed town affairs for the past year and changes in certain accounts for the 1966 budget.

Selectman Norman Greig spoke of the possibility of securing State and Federal funds for airport use if certain conditions are met. Among others commenting on the advantage of adequate airport facilities in the Bethel area were Burton Newton, Harold Clutey, and Uel Gardner.

Richard Waldron, speaking on Dutch Elm Disease, reported that good progress was made in ridding the village area of diseased trees. He stated that future plans include a pruning and planting program.

Barton Newton, president of the Bethel Water Co., explained that a request for an increase in hydrant rental had the approval of the Public Utilities Commission and had the approval of the budget committee.

Selectman James Hutchins reported that the Edward Jordan Co. of Portland had been retained to make a survey of the town's sewer needs.

In conducting the meeting Mr. Flske introduced the candidates for three vacancies on the Board of Selectmen: Dr. James Hudson, J. Jay Willard and John Francis.

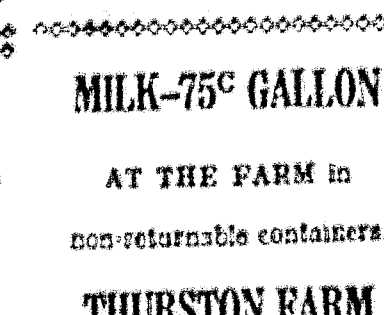

SKELETON HAS ARRIVED AT CRESCENT PARK SCHOOL

The human skeleton which will be used by the Science Dept. in all the grades and eventually by all of District 44 has arrived at Crescent Park School but not to be used until paid for. The skeleton will be movable such as the arm, hand and the elbow and shoulder. If purchased outright this would cost \$320. Through Green Stamps this can be purchased with 167 books.

Through the efforts of the science teacher, Leonard L'Houren, and the kindness of Clay and Adams of New York this skeleton was sent to the Crescent Park School to help stimulate the science which is now on.

It is hoped that the goal will be reached soon so that the children can get the benefit of having the use of it this school year.

Mr. and Mrs. Arthur Lincoln are in Quebec for a couple days this week.

He became editor of the paper and is presently president of Citizen Painters Inc. Active on the track team in his years at Gould, he was secretary-treasurer of the reorganized Pine Tree League for several years in the 1950s. The business meeting will convene at 8 p. m. Bethel Carnival This Week End

One of the most thrilling events of the Greater Bethel Chamber of Commerce's first annual Winter Carnival, last year, will be re-enacted at Locke Mills Friday evening, as a spectacular Torchlight Parade on Skis is performed on the Middle Expert and Novice trails of Mt. Abram Ski Slopes.

Uel Gardner, who is the director of the ski schools of the same name, is director and leader of the parade which will be performed by members of the ski school and ski patrol staffs of the local ski areas. Mr. Gardner expects about twenty-five persons to be participating. In addition to the intricate patterns they will be executing each will be carrying a flare. Flares were donated by the Canadian National Railroad.

The parade will start at approximately 7:30 p. m., preceded by the Grand Bonfires on the peaks of Barker Mountain (Sunday River Skiway) and Mt. Abram. The whole display is visible for several miles across the interval, and as one approaches on Route 26 from the north.

Following the parade, the skiers will be introduced to spectators in the Lodge. In commenting on preparations for the parade Gardner said the "snow cover is very good, spring skiing conditions prevail." Last year a small troupe performed, and despite tough skiing conditions at that time there was a most enthusiastic response.

PIERCE TRANSFERRED TO CALIFORNIA BY BELL SYSTEM

Burdick W. Pierce of Broad St., Bethel manager of the Earth Station for the long lines division of the Bell System, stated Monday that he has been transferred to a new area in San Francisco and will leave the Andover Station this week.

Burdick W. Pierce

Tarrant plans to build a new workstation next to the control building, with to start next. The Telephone Company has retained a piece of land on the site on which they will build a small building to house the control room. They will return to Andover to look up the ground.

The Satellite Corporation will have a crew of about 45 men by the end of May.

Visitors to the Andover are invited to work with this spring daily visitors will again be invited.

He became editor of the paper and is presently president of Citizen Painters Inc. Active on the track team in his years at Gould, he was secretary-treasurer of the reorganized Pine Tree League for several years in the 1950s. The business meeting will convene at 8 p. m. tic audience, which should be greatly increased with the much better conditions which exist for the present event.

Following completion of the Torchlight Parade on the ski slopes a dance will be held at the Locke Mills Town Hall, with Johnny Jay, WRUM disc jockey spinning records for every taste of dancing enjoyment.

At 10 o'clock Saturday morning, Family Ski Races will be held at both Sunday River and Mt. Abram ski areas.

Also Saturday morning Class III and IV USEASA sanctioned races are being held at the Sunday River Skiway.

Cooler temperatures, drying winds, and a very ample snow cover assured the running Snowmobile races, here, for 1 o'clock Saturday afternoon, March 5, at Mile-Away Farm.

The Snow Twisters Sno-Kart Club are in charge of the event, one of the featured events of the Second annual Winter Carnival of the Greater Bethel Chamber of Commerce.

Snowmobile enthusiasts are invited to participate in the racing or to come to watch. Registration will be conducted at the site of the race from 8:30 a. m. to 12 noon. The area is a short distance off U. S. Route 2, the turn being between the Norseman Inn and the Andover River Bridge, east of town about one mile.

There will be several men's categories, and one for Powder Puffers (women drivers). Cash prizes will be awarded the first three winners in each class.

The Snow Twisters are working with the chairman in the management of all the race details. Members will also be on hand to provide free rides on their snow vehicles to interested fans from 11 a. m. until race time.

Lunches will be available on the premises, and arrangements will be made for off the highway parking.

Mr. Angove and his club members have attended several events during the past two seasons and stress that the type of race which individuals most enjoy being in and others enjoy watching are those similar to the local meet where each man and woman performs on his own merit, without being a commercial venture.

Saturday evening at 8 o'clock will be the crowning of Bethel Winter Carnival Queen followed by the presentation of 'Swingin' Skis'.
